WILL IT CURE ME?

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb, and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 125 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

Pierce's Pleasant Pellets — These are the **Original Little Liver Pills**, first put up over 40 years ago, by old Dr. R. V. Pierce. They've been **much imitated** but **never equaled.** Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and *concentrated* vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. *Permanently* cured, too. By their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence *lasts.*

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A Thrilling Experience.

For seven hours yesterday the lives of a score of passengers were in jeopardy, on board the steamer Bigamont, of the Norfolk and Southern railroad, which plies in the Albemarle and Pamlico sounds between the towns of Edenton and Columbia, N. C. While en route to the latter place yesterday morning the cylinder on board the steamer exploded, causing, it is claimed, a portion of the machinery to be driven through the starboard bow of the vessel below the water line. Through this opening water began pouring into the lower decks and for a time it looked as if she would go to the bottom with all on board. The wind was blowing about 75 miles an hour and snow was falling. Captain Holmes ordered all the passengers to go below and members of the crew to furnish each with a life preserver and to see that they were strapped to the person of each passenger. There were some women aboard who became hysterical. Some of these had to be forced to don life preservers. The steamer tossed about in the Sound for hours in a helpess condition, all the while blowing distress signals. In the meantime members of the crew were working at the hole in the vessel, endeavoring to stop the flow of water that was constantly filling the lower decks. These men, it is said, worked in water up to their knees, with the weather hovering around zero. In the engine room men were engaged in an attempt to repair the broken cylinder. After temporary repairs the Bigamont was able to proceed under her own steam rate of two miles an hour and arrived at Edenton safe last night. When the boat was made fast to the wharf some of the passengers hastened to their homes without even waiting to discard the life preservers.

Family Murdered.

The little farming community of Wauchula, in Polk county, Fla., was plunged into excitement Thursday at the discovery of crime equaling in horror the tragedy at Statesboro, Ga., last year. The home of John Kirby, a farmer, who moved there last October from Bount county, Ala., was found in ashes, dead in the smoldering ruins were the bodies of Kirby, his wife and four children, ranging in age from a boy of 12 to an infant of 1 year. An investigation resulted in the conclusion that the entire family had been murdered and a torch applied to the dwelling. The skulls of each of the victims, except that of Mrs Kirby, had been crushed in by some heavy weapon, and each, with the exception of the woman, had evidently been murdered as they slept. A hammer was the only weapon found in the ruins which could have inflicted the wounds. A coroner's jury was impaneled, and, after making examination of the premises, rendered a verdict that the family came to death "by fire or some other means unknown." The general theory is that a party of negroes committed the crime, although no traces of the perpetrators can be found.

Explosion Kills Child.

The explosion of a waterback of a steel range in the home of B. F. Johnson, in Manchester, Va., yesterday morning, caused the instant death of Linwood Johnson, aged 5 years, the fatal injury of Mrs. B. F. Johnson, the mother, and Elwood Johnson, her other son, aged six years. Mrs. Johnson was attending to her housework and the children had followed her to the kitchen. Mrs. Johnson and the older boy are scalded, burned and cut by the piece of flying steel. It is doubtful if either can recover. The house was badly shaken by the explosion, and the kitchen is a wreck. The tank had frozen during the night.

Dog Saved Girl's Life.

A dispatch from Hagerstown, Md., says that Lydia, Jack and Mary Virginia Shipley, children of William Shipley, narrowly escaped drowning a day or two ago while skating on the Potomac river at Dam No. 4. The ice broke and the three children were precipitated in 25 feet of water. One of them, a girl, was sinking for the third time, when a faithful dog, seeing her plight, leaped into the water, seized the drowning child by the hair and suceeded in keeping her head above water until several ice-cutters working near by heard the screams of the drowning children and hurried to the scene and succeeded in rescuing all three.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three $1 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and $1. Trial bottle free at E. S. Leadbeater & Son's drug store.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JAN. 28, 1905

TWO SUITS for damages, aggregating nearly $2,000,000, were filed yesterday in the United States Circuit Court for eastern Pennsylvania against the Pennsylvania Railroad. The plaintiffs are the Webster Coal and Coke Company and the Pennsylvania Coal and Coke Company. It is charged that the Pennsylvania Railroad "arbitrarily assumed the right to estimate and determine the capacity to produce coal of the mines of the plaintiff;" also that the company "unlawfully, unjustly and unreasonably neglected and refused to furnish plaintiff with the number of cars which it was entitled to receive" under the railroad's allotment, while it practiced favoritism and discrimination in this regard, to the advantage of the Berwind-White Coal Mining Company and the Keystone Coal and Coke Company; also that said company allowed, coal hauled over private mines railroads and delivered to it, a special rebate or drawback of 15 cents a ton to the Altoona Coal and Coke Company and the Glen White Coal and Coke Company, and refused to allow the same to the plaintiffs. These illegal practices, it is alleged continued as late as Nov. 4, 1904. These suits, will, it is expected, be the forerunners of many more. For years coal shippers have protested in vain against what they declared was systematic favoritism in car service and in secret rebate. The truth of the above charges will have to be established by the plaintiffs in court; but that there has long been reason to believe that such conditions do often exist is apparent.

THE Virginia debt question came up in the West Virginia legislature yesterday when Governor White presented a special message to both branches, announcing that the committee from Virginia, headed by Attorney-General Anderson, had called on him officially with certain documents setting forth West Virginia's liability to part of Virginia's ante-bellum debt. The message was accompanied by the documents, which were read in the House, despite opposition, and then referred to the finance committee, similar action being taken in the Senate. In view of the fact that the present Legislature, as well as former bodies, have passed resolutions disclaiming any liability on the part of West Virginia to any of the Virginia debt, it is not likely that any action will be taken. It is hoped that some means will be found by which West Virginia will be made honest concerning the debt matter, despite her determination to be dishonest.

A SAD STORY, an incident of the recent blizzard, comes from Brooklyn. Evicted on the coldest day of the season and weak from hunger and exposure, Mrs. Elizabeth Dietz, with her four small children, sought death by freezing shortly after midnight under a factory stoop. "I had no home and could not bear to hear my babies cry," she told a policeman who found the starving family, "so I thought the best thing to do was to freeze. I got the children as warm as I could, so they would go to sleep, and I hoped that none of us would waken alive." Three of the little girls were unconscious from the cold, while Mrs. Dietz lay huddled in front of them with her 15-months-old baby clasped to her breast. It was the baby girl's cry that saved the family.

THE CZAR OF RUSSIA has found in General Kuropatkin a friend in need, and one who has tended in a great measure to cheer the officials of the Russian empire during the ordeal through which they passed this week. After more than three months of inactivity, the great armies of General Kuropatkin and Marquis Oyama have again closed in battle along the Sha river, in Manchuria, and a tremendous engagement, which began on Wednesday, is apparently still in progress, nearly one million men being engaged on both sides. Kuropatkin claims to have defeated the Japanese and advanced. This news, it is said, has thrown a damper upon the turbulent spirits throughout the empire, and its effect will, it is believed, be far-reaching.

THE Agricultural Department from time to time has been charged with giving out false reports concerning crops by which speculators were enabled to manipulate the markets and make vast sums of money at the expense of the producers and consumers. Now many Connecticut tobacco growers are accusing that department of having deceived the farmers by advocating the method of growing tobacco under shade. The farmers now say that they have lost large sums by these experiments. They regard the method as a complete failure. Growers have now gone back to the Havana seed and the broad leaf tobacco, grown in the open air. In spite of these indications, the Agricultural Department's annual report says that the shade-growing idea has met with success.

THE ADMINISTRATION has apparently changed its policy in the matter of appointing negro officeholders in the South. Some time ago Leon Hill, colored, was appointed an examining surgeon at Booneville, Mo., by the Pension Commissioner. It was not known at the time that Hill was a colored man. Scores of protests began to come to the Pension Bureau against the appointment of Hill. Hill was asked to resign but declined. Finally it was decided to abolish the Board of Pension Examining Surgeons at Booneville in order to get rid of the obnoxious colored man. Later a new board will be created and there will be no colored man on it. The policy of forcing colored officeholders on white communities in the South is believed by some to have been definitely abandoned by the administration.

THE Illinois General Assembly will consider by request of the State Teachers' Association a law providing for the licensing of the teachers. The State association takes the ground that since physicians, dentists and pharmacists are required to obtain a license before administering or mixing medicines for the body, the teachers ought not to be allowed to administer cures for ignorance unless able to prove that they are worthy of the trust. The association asks especially for a law defining the minimum of professional training required.

AN UNUSUAL criminal prosecution was begun at New York last week when District Attorney Jerome had one of the county coroners held on the charge of bribing an assistant district attorney to drop the case against a man charged with a criminal operation on a woman.

THIS is the time for men and women of charitable hearts and minds to look about them and minister to the poor and suffering whose conditions have been rendered serious by reason of the continued cold.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Jan. 28.

Today's session of the Senate was devoted almost wholly to eulogizing the life, character and public services of the late George Frisbie Hoar, of Massachusetts. Senators who had served with the distinguished statesman vied with each other, without regard to party, in testifying to his high worth. As auditors they had a full Senate and crowded galleries. Mr. Rosewell Hoar, son of the deceased, was among those who occupied seats in the private gallery. Senator Henry Cabot Lodge, who presented resolutions expressing the deep regret of the Senate over the death of his former colleague, spoke first. Addresses were made also by Senators Allison, Cockrell, Platt, Teller, Cullom, Daniel, Gallinger, Bacon, Perkins, Fairbanks, Pettus, Gorman, Depew, McComas and Senator Crane, who succeeded to the seat left vacant by Senator Hoar.

The most interesting part of the report accompanying the naval appropriation bill, which was submitted to the House today, deals with the proposed increase in the navy. It says: "To complete all the ships authorized up to the present time, including construction and machinery, armor and armament and equipment, will cost $86,063,825. It may be divided as follows:

Construction and machinery, $49,177,616; armor and armament, $35,286,209; equipment, $1,600,000. Of this sum the committee recommend $23,410,832 for construction and machinery and $18,000,000 for armor and armament, and $845,000 for equipment, making a total of $42,255,833 which leaves a balance of $43,807,902 remaining to be appropriated. The two new battleships provided for are to cost $7,775,000 each, and the appropriation for them extends over three years. "Our great naval policies, says the report, "the construction of the Panama canal, the insistence on the Monroe doctrine, the protection of American citizens, the support of our foreign policies, and the great work of the regeneration of the Philippines, and the naval defense, all demand that the building up of the navy shall go on." The committee recommends an increase in the navy of 3,000 men, making in all 34,500 enlisted men, and an increase in the marine corps of 1,000 privates and 239 minor officers.

Secretary Taft appeared before the ways and means committee of the House today in support of the Curtis bill to reduce the tariff on Philippine sugar and tobacco.

Kennie D. Roote has been appointed postmaster at Fort Defiance, Augusta county, Va., and Paul E. Rhinehart at Lacey Spring, Rockingham county.

In Washington last night William Burge, a negro, shot and killed his wife and then attempted to kill his mother-in-law. In the latter attempt he was shot himself by Frank Jordan.

Attorney-General Worthington this morning resumed his argument in behalf of Senator Smoot before the Senate committee on privileges and elections, and reviewed briefly a number of the charges against his client. In closing his speech, Mr. Worthington exhorted the committee not to punish young Utah for the sins of old Utah. Chairman Burrows thanked counsel on either side for their assistance, and asked that their briefs be made as full as possible. Saturday next was set by both sides as the probable date on which their briefs would be ready.

Efforts are being made to reach an agreement in the Senate to vote on the statehood bill on either February 4th or 6th. There is reason to believe that they may be successful, in which case the final result is expected to be the passing of a bill admitting Oklahoma and Indian Territory as a single State. In the meanwhile speeches upon that subject will occupy the time of the Senate every afternoon until next Friday, except when appropriation bills are under consideration. On Friday another step will be taken in the impeachment proceedings against Judge Swayne, when he will make a response to the charges made against him. According to the programme adopted by the Senate, witnesses will be summoned to be present on February 10th, when the real trial will begin. There will then be just three weeks left before the end of the session. Testimony in the Reed Smoot case has been concluded, and the oral arguments of the opposing counsel have been made. The privileges and elections committee, which has been considering the case, have given counsel until next Wednesday to present in extended form the stenographic notes of their arguments. A time will then be set for the filing of the final briefs. It will, however, take the committee some time to decide upon its report. The question of the right of Senator Smoot to retain his seat will hardly be determined at this session. Hearings upon proposed railroad legislation will be continued before both the Senate and House committees on interstate commerce, and it is possible that late in the week a bill may be reported to the House. The ways and means committee will further consider the bill to reduce the Philippine tariff, while on the floor of the House most of the time will be taken up with the appropriation bills.

The State Department has received a cablegram from United States Consul General Gudger, at Panama, saying that Paymaster Sackett and others on the cruiser Boston, affected by yellow fever, are better, and that there are no more cases aboard.

Important news regarding the Russian strike was received this morning by the State Department from United States Consul General Watts, at St. Petersburg. He says that the strike is spreading, and that he has just received a telegram from Warsaw stating that all the workshops there have been stopped. The Vilna railroad men are joining the strikers. Public gas works are being operated by soldiers.

News of the Day.

The President is to be invited to visit Fredericksburg and Newport News while on his southern trip.

In some quarters in Washington it is believed this government is planning a coup d'etat in Santo Domingo.

A revolutionary demonstration took place in the East End of London, yesterday. The Czar and the Russian grand dukes were denounced.

The naval appropriation bill, as framed, carries $100,070,000, provides for the construction of only two battleships and materially increases the personnel.

Thomas E. Waggaman's creditors will realize $233,226 from last night's sale of his paintings in New York a larger sum than had been expected by experts who examined the collection.

Waldemar Vancott, of Salt Lake City, Utah, and A. S. Worthington, of Washington, argued for the defense in the Smoot investigation yesterday. The closing argument for the protestants will be made by Judge Tayler instead of John G. Carlisle, ex-Secretary of the Treasury.

Arbitration treaties were considered yesterday by the Senate committee on foreign relations, and Senator Bacon made the assertion that action on the various treaties cannot be had until they are amended to protect the interests of Southern States in the matter of outstanding bonds held in foreign countries, which bonds have been repudiated by the states. He offered as an amendment to the treaties the provisions of the Olney-Pauncefote treaty for the maintenance of State rights.

THE DISORDERS IN RUSSIA.

A strike was started in Warsaw yesterday and is spreading rapidly. A number of factories are closed, but the workmen are quiet,

A general strike has commenced at Lodz, Russia.

The labor agents from Riga organized a strike at Mitau yesterday. Bodies of strikers marched to the factories and workshops and compelled the men at work to leave their employment. Troops have been summoned to the scene of the disturbance.

A crowd of 2,000 persons, including many women, engaged in an anti-government demonstration at Dorpat, Livonia, and broke the doors of the police bureau. The crowd was dispersed by the police.

Twenty-nine men and two women were killed and 37 civilians and eight soldiers were wounded by revolver shots during Thursday's rioting, at Riga, according to the returns made by the hospitals. At the request of the workmen of Riga, the theatres have been closed.

A London news agency's dispatch from St. Petersburg states that fighting at Riga resulted in 22 being killed, including, Assistant Police Commissionary Bileff, and that 50 were wounded. Seven soldiers, the dispatch adds, were wounded by revolver shots. The encounter took place near the Tukkum rialroad station. The strikers attacked the troops and attempted to disarm them, when the order was given to fire. All the workshops and factories are closed. The strikers are parading the streets and forcing all workmen to join in the procession. Pahl's factory and a large cotton mill have been set on fire and are burning fiercely.

A summary of this morning's dispatch follows:

The strike in St. Petersburg is practically broken, many of the men going back to work. There is now a disposition to trust the promises of concessions sanctioned by the Czar.

The Moscow strikers are also resuming and are quiet.

Troops and strikers were in conflict at Warsaw, Russian Poland. It is officially stated that two persons were killed and seven wounded.

CONGRESSIONAL.

Through his counsel, consisting of former United States Senators Anthony Higgins and John M. Thurston, Judge Swayne yesterday appeared in the Senate to make answer to the summons in connection with the impeachment proceedings against him as judge of the United States for the Northern district of Florida. They asked and obtained a week's time to make complete response, and the time for the beginning of the real trial was fixed at February 10. During the ceremony the galleries were crowded, and a large number of members of the House were present in the Senate chamber.

Today eulogies were delivered on the late Senator Hoar.

The House yesterday passed the agricultural appropriation bill without material amendment. During its consideration the usual discussion of the provision for free seed distribution was indulged in, Mr. Lilly, of Connecticut, characterizing it as petit larceny. The relative value of the cotton statistics as supplied by the Census Bureau and Agricultural Department also furnished the theme for a lively debate.

The army appropriation bill was sent back to committee, after Mr. Williams, of Mississippi, had objected to unanimous consent to non-concur in the Senate amendments and send the bill to conference, and after Mr. Hull had refused to make a motion to accept the Senate amendment regarding retired army officers assigned to active duty.

Dr. Wesley B. Davis, a retired Presbyterian minister, whose home was at Stevens City, Frederick county, died late Thursday night at the Winchester Memorial Hospital, of Bright's disease, aged 60 years.

McCUE.

A dispatch from Charlottesville says: The news of the decision of the court of appeals refusing to grant J. Samuel McCue, wife murderer, a new trial was most dissapointing to the prisoner. He says he is perfectly resigned to his fate and will face death on Feb. 10 with a brave heart. McCue expresses himself as being ready to meet his God. The prisoner spent a restless night. He has had only a few visitors. His pastor visited him Thursday and yesterday morning in his cell. The condemned man sits quietly in his chair in deep meditation and has but little to say to the few friends who now visit him. Jailer Thomas said yesterday that the ex-mayor is very subdued and has but little appetite for his meals. It is said that many of the ex-mayor's insurance policies, amounting in all to about $80,000, will fall due before the day of McCue's hanging, consequently most of the money will be paid. It is also said that McCue desires his children to be kept together and reared and educated by one of his brothers or some member of the McCue family. The insurance money will be ample to take care of them and to educate them. All the children are now at the McCue home in this city, and are being cared for by their aunt, Mrs. Marshall Dinwiddie. It is authentically reported that McCue has requested that, after his execution, his body be buried by the side of his sainted mother in the family burying ground near Greenwood, Albemarle county.

COURT OF APPEALS.

Proceedings of the Supreme Court of Appeals yesterday were:

Globe Furniture Company vs. Trustees Jerusalem Baptist Church and others. Argued and submitted.

Denial from Senator Martin.

Senator Martin has given to the press the following statement as to his position on the employer's liability bill, which passed the Virginia Legislature some ago:

"My attention has just been called to an interview from Hon. Joseph E. Willard, in which he quotes from what purports to be a report of the Virginia Legislative Board of Railroad Employes (August, 1899), in which my name is put in a list of parties alleged to have antagonized what is known as the employers' liability bill. I have never seen that report and do not know what motive induced the alleged reference to me. So far as I am concerned, the statement is absolutely incorrect and untrue. I at no time antagonized the passage of the bill. On the contrary, I on every fitting and proper occasion expressed the opinion that legislation should be enacted abolishing the common law doctrine of non-liability of the employer from injuries resulting from the negligence of a fellow-servant engaged in dangerous railroad service. I am now supporting a similar bill which is pending in Congress making the doctrine which has been adopted in Virginia the law in all interstate traffic."

Both Sides are Blamed.

President Roosevelt sent to the Senate yesterday the report of Carroll D. Wright, commissioner of labor, on the strike troubles in Colorado. In summing up the situation the commissoner says:

"Lawlessness has accompanied the strike as a labor weapon, and it has accompanied the actions of the alleged law-and-order element as a weapon against the strikers. The faults in the organization of the unions, by allowing strikes to be determined by a committee instead of by a referendum, and the faults in the organization of the Citizens' Alliance by allowing irresponsible mobs to represent it, have disturbed the peace of the counties in Colorado in which the conflict had been waged to such an extent that people outside of Colorado wonder if there is any law or any law-abiding citizens in that State. It is a fact, however, that order is being restored, for there is a third party now interested which is claiming the adherence of the best elements in Colorado, and it is insisting that deportations, whether by the Western Federation of Miners or under the instructions of the Mine Owners' Association or Citizens' Alliance, shall cease."

Today's Telegraphic News

CONDITIONS IN RUSSIA.

St. Petersburg, Jan. 28.—Everything is quiet here this morning and there remains no trace of the disturbances. It is believed that the government will be very lenient with the prisoners taken during the troubles. Business is generally resumed.

London, Jan. 28.—Director of Police Lohukhim, of St. Petersburg, acting for Governor General Trepoff, wired your correspondent today that fears of further troubles in the Russian capital are at an end. The factories are resuming, he says, though there will be some delay in a general resumption. The situation at Moscow, he asserts, is not at all threatening. There are 17,300 men out on strike, but there have been no serious collisions between the men and the troops. The Cossacks, in one case, had to use force to disperse a crowd, but they did so without killing or wounding any one. It is noticeable that the Director of Police makes no mention of several encounters which have been reported during the week, especially the one at Riga, on Thursday, in which a number were killed or wounded. The telegram is an official document, and hence naturally, puts the best face on affairs that is possible.

St. Petersburg, Jan. 28.—The police suddenly became very active last evening, and searched numerous houses. They also made many arrests.

It is stated that the council of ministers had decided to authorize a minor state of siege for the short period, under certain restrictions, if there is not an immediate resumption of work in the provinces.

A dispatch to the Reuter Telegram Company, from Warsaw, says that 100,000 workmen are also out at Loaz. This is probably an exaggeration, for the population of is only 350,000.

A telegram from the factory inspectors of Moscow state that there are still about 20,000 men on strike there. All the newspapers appeared this morning. The strike, however, is believed to be broken.

It is said that 1,000 persons were killed and wounded during the disturbances at Sandepas.

London, Jan. 28.—The Exchange Telegraph Company has a dispatch from St. Petersburg, stating that in the recent conflicts at Warsaw two persons have been killed and seven others wounded.

Riga, Russia, Jan. 28.—No further collisions between the workers and the troops have occurred. The situation remains to a large degree the same, though there have been some resumptions of work. The trains have been stopped as there are no workers to operate them. The gas works were operated by soldiers. Bands of excited workmen paraded the streets early this morning, while the agitation among the students increases. They have already held several meetings at which revolutionary songs have been sung, and at one meeting a black flag was hoisted over the Institute buildings, which was inscribed: "Glory to the dead; woe to the assassins." No newspapers appeared today. It is announced that the total killed, or who have since died from wounds received during Thursday's encounter, is 36, while more than sixty were wounded.

Truth of Dispatch Questioned.

London, Jan. 28.—The Paris dispatch which appeared in St. Petersburg to the effect that General Kuropatkin had opened negotiations with Field Marshal Oyama is given little consideration here, in view of the fact that General Kuropatkin is known to have assumed the offensive. The dispatch was brought to London last night by the Central News, and as the Russian censor permitted it to pass, the agency's deduction was that his act gave it an air of authority. Few of the newspapers print the dispatch. The others completely ignore it.

St. Petersburg, Jan. 28.—General Sakaroff reports that the Russians captured 50 Japanese at the battle of Sandpesa, Jan. 26.

London, Jan. 28.—A dispatch from Tokio says the American steamer M. S. Dollar was seized by Japanese in the Pacific ocean yesterday off the Island of Hokkaido. The steamer was bound for Vladivostok, with provisions. The M. S. Dollar was formerly the British steamer Arab, and was sold to the Dollar Steamship Company, of San Francisco. She was built at Newcastle on Tyne in 1890.

London, Jan. 28.—Official dispatches have been received in St. Petersburg on the victory of the Russians and Field Marshal Oyama Oyama has also reported the Japanese victory, at Chenchipu.

Discontent in Baltic Squadron.

Copenhagen, Jan. 28.—The newspaper Politiken has a dispatch from Libau, Russia, which states that discontent is growing among the crew of the third Baltic squadron. The men are objecting to the miserable provisions given them and in a number of cases the protests are said to have assumed the proportions of a mutiny. It is feared the crews, being in this state of mind, may be influenced to join the strikers and as a result indefinitely hold up the fleet, which is about ready to sail for the far East.

Want to Raise Loan.

Berlin, Jan. 28.—Your correspondent is in a position to state authoritatively that the Russian government is desirous of raising a loan in America. Feelers have been stretched in official circles in Washington. Three weeks ago the movement in this direction was begun. The responses have been discouraging, but the Russian government still hopes to realize the project. Herr Fischel, the representative of the German banker Mendelsohn, who manges all the Russian foreign loans, has gone to St. Petersburg to cohsult with the Minister of Finance with regard to this scheme for an American loan.

Refused to Make Statement.

Boston, Jan. 28.—Arthur L. Appleyard, for whom a warrant was issued in Buffalo yesterday, charging him with grand larceny in connection with the wrecking of the German Bank, of Buffalo, refused to make any statement at his home in Brookline this morning. He did not seem distressed over the incident, but declined to state whether he would return to the jurisdiction of the Buffalo courts, and referred all inquirers to his attorney, F. H. Williams.

Alonso J Whiteman, the alleged bank swindler, who escaped from a Lake Shore train and from Buffalo detectives, who had him in charge at Durkirk, about four months ago, has been captured, and is now behind the bars at police headquarters in Buffalo.

To Capture Johan Hoch.

Chicago, Jan. 28.—Racing to an eastern seaport in an effort to head off and capture Johan Hoch, a man of many wives and an alleged multi-murderer, police inspector Shippey has telegraphed Chief of Police O'Neill that he is confident of catching his man. Unaccompanied, Inspector Shippey left Chicago hurriedly Thursday morning, his destination being known only to Chief O'Neil.

Both believed that a clew had been found that would lead to Hoch's arrest. Chief O'Neil said today that Shippey is "at least 1,000 miles from Chicago," that he is near Hoch, and that an early capture is possible. It is believed that his clew led to New York.

Arrest of Alleged Embezzler.

New York, Jan. 28.—Wm. F. Hunt, president of the Pan American Bank in Chicago, who mysteriously disappeared recently, was arrested in this city at a late hour last night. The arrest was made at the request of the Chief of Police of Chicago who said Hunt was wanted there on a a charge of embezzlement of $36,000.

Fire in Montreal.

Montreal, Jan. 28.—The fire which destroyed the premises of the National Rubber Co. and seriously damaged Kilgour Brothers' furniture warehouse, and Lecours and Larrivier's hardware branch store is now under control. Loss $65,000.

Requisition Papers Forwarded.

New York, Jan. 28.—The chief of police of Nacadogches, Tex., has notified the district attorney's office that the requisition papers for Mrs. Brodie L. Duke, wife of the millionaire tobacco man, have been forwarded to this city.

New York Stock Market.

New York, Jan. 28.—There was continuous strength manifested in the stock market today. There was no feature of news of special moment, but the more peaceful advices from Russia and the continued ease in monetary prospects, together with the official admission of the postponement of the proposed loan of French bankers to Russia, were cheerful influences.

Fifty-Eighth Congress.

Washington, Jan. 28.

SENATE.

Chaplain Hale, in the Senate today, paid tribute in prayer, to his friend of years, the late George F. Hoar, of Massachusetts, in whose memory the Senate today is holding special exercises.

In presenting resolutions of respect to the memory of the late G. F. Hoar, which were agreed to, Mr. Lodge announced that the Senator from Wisconsin (Mr. Spooner) was prevented by illness from participating in the memorial exercises.

He then took the floor.

The naval and the diplomatic and consular appropriation bills were submitted to the House when it met today.

On motion of Mr. Jenkins the chairman of the judiciary committee, the Little resolution directing an investigation of the steel trust by the Department of Commerce and Labor, was unanimously adopted.

Pension bills were then considered, 240 of these bills being before the House.

The pension of William Welch was increased from $12 to $24. Welch, who lives at Acworth, N. H., is 105 years old, and the oldest veteran of the civil war.

At 1:50 p. m. the House adjourned, 380 bills, many of them Senate measures, having been favorably acted upon.

TELEGRAPHIC BREVITIES.

A special from Covington tells of a fatal fire at Lewisburg, W. Va., thirty miles west of Covington, Wednesday morning. The house of James Bush took fire, and Venus Strain, aged eighty years, lost her life, as did six children of Bush, the eldest thirteen years old. Bush and his seventeen-year-old daughter escaped.

William Britton, who has been on trial at Lexington, Ky., for two weeks on the charge of assassinating James Cockrill town marshal of Jackson, was found guilty today by the jury, and given life imprisonment. Curtiss Jett and Tom White are serving life sentences for the same crime. The trial of Britton brought out an alleged conspiracy of the Hargis faction, to murder several of the Cockrill leaders.

Evans Thomas, a former president of the Produce Exchange, was killed this morning by falling from a window of his apartment on the fourth floor of No. 66 west Ninth street, New York. FOREIGN NEWS.

Prince Eitel Frederick, the Kaiser's son, who is ill with inflammation if the lungs, is slightly improved today. His temperature is a degree lower, he coughs less, and his pains have decreased.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and the disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

The War.

Russia's disturbed internal condition and the increase of Marshal Oyama's army by over 50,000 men from Port Arthur, evidently inspired the Japanese commander to renew operations in Manchuria in spite of the bitter weather. According to Russian advices General Kuropatkin has turned the table on Oyama. The Japanese attempted to force back the Russian right wing, but General Kuropatkin reports that, by a counter attack, the Russians repulsed the Japanese and occupied Sandepas and other villages in the vicinity of the Hun river. The fighting was desperate. A German correspondent wires from Mukden that a general engagement began Thursday and continued yesterday, that the losses on both sides were considerable and that the fighting was especially heavy at the Russian center. This indicates that the fighting on the right has extended along the line. In fact, Kuropatkin reports having repulsed a movement on his left.

The Japanese are evidently renewing the campaign with vigor and Kuropatkin is vigorously meeting them at every point. The battlefields are partly covered with snow.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hunt Club Ball.

The ball given at McBurney's Hall last night by the Cameron Run Hunt Club was by far the prettiest dance of the season and the managers, especially Mrs. Courtland H. Smith, were heartily congratulated by all present at the brilliant success of the entire affair. The hall was beautifully decorated, red being the dominating color, while the handsome club flag occupied a prominent place. The men of the club in their pink coats and the lovely women in their beautiful gowns, as they glided over the floor to the strains of delightful music, presented a scene of beauty, long to be remembered. The men were at their best, the women looked their loveliest, the music was entrancing and mirth prevailed from the start to the finish of the brilliant ball. Punch was handed during the evening and at one o'clock a dainty and delicious supper was served. The chaperons were Mrs. W. B. Daingerfield, Miss Nellie Wattles and Mrs. J. Sidney Douglas. The favors, consisting of horns, jockey caps, picture hats, whips, fans, etc., were beautiful and were distributed in profusion by Mrs. Daingerfield and Miss Wattles. The cotillon was led by Messrs. Charles K. Harrison and Skipwith Bruce, of the Green Spring Valley Hunt, of Maryland, who introduced a number of pretty figures. Among those present were Miss Lucy Stone, of Warrenton; Misses Anne Thomas, Elizabeth Herbert and Nancy Lee, of Baltimore; Misses Katherine Elkins and Etta Portner, Miss Byrd, Mrs. McCormick and Mr. and Mrs. Frank Mullan, of Washington; Misses Bessie Lee, Lucy Douglas, Jessie Armstrong, Emily Elliott, Miss Barrett, Misses Anderson, Misses Danenhower, Miss Davidson, Mr. and Mrs. Courtland H. Smith, Mr. and Mrs. William Bryant, Mr. and Mrs. Herbert Oliver, Mrs. Danenhower, Miss Nora Herbert, Mr. and Mrs. Marshall King, Miss Hanckle, and Messrs. Charles Hooff, jr., Percy Evans, David Rust, Paul Portner, Alvin Portner, Richard Gibson, Richard Chichester, Mahlon Janney, Dr. Donohue, Charles Barrett, Hubert Snowden, Arthur Herbert, John Larcomb, Fred. McElhone, William Meredith, Robert Heath, Roland West, Jervis Spencer, Carroll Rasin, Barbour Daingerfield, of Baltimore; Dr. Crichton, Malcolm Crichton, James Douglas and S. J. Holloway. The ball broke up at 3 a. m., when a special car left for Washington.

A number of the strangers remained in town today to enjoy a drag with the Cameron Run hounds. The meet was at 2 o'clock on Shooters Hill.

A Perilous Position.

A letter from Occoquan to the Manassas Journal of yesterday's date says: The steamer "E. James Tull," with Capt. Selecman and crew, narrowly escaped a perilous disaster while lying aground and icebound at High Point, at the mouth of the Occoquan river, on Monday of last week. Capt. J. Thos. Selecman, proprietor and captain of the steamer "Tull," steamed out of the Occoquan river, en route for Washington, to unload a cargo of freight. He struck the bottom at High Point, where he remained aground and was frozen up. Being impossible to move, his position was rendered most perilous by heavy cannonading at Indian Head. Captain Selecman states that on Monday from one o'clock a. m., until quarter to four p. m., balls fell thick around the boat, barely escaping her decks. At a distance of the boat's length a shell exploded on the ice, while others struck on the forward side of the boat, in the ice, at a corresponding distance, glanced and passed over the boat to the opposite side, where they fell, crashing into the ice. Seeing no means of escape from their impending danger, which appeared more imminent at the succession of each terrific blast, the crew became badly frightened, while the fearless spirit and level head of their captain employed every available device to release the boat and thus secure the crew from danger. Every effort proved without avail. As a last means of resort, at about quarter to four o'clock Capt. Selecman hoisted the American flag. Shortly afterwards the firing ceased. The ensuing night Capt. Selecman succeded in cutting the ice sufficient to float his boat about three quarters to a mile back up the river out of the range of danger. Capt. Selecman's complaint which is corroborated by that of other reliable steamboat men and with fishermen of the Occoquan bay who have encountered similar danger, gives rise to a subject of wize investigation and of importance as well. Are the authorities at Indian Head justified in imperiling the lives of watermen and obstructing the progress of traffic on the Potomac river?

Rules to be Enforced

The number of cases of petit larceny which have recently been reported in this city, as well as the chronic complaints from different neighborhoods of the congregation at certain street corners of youths and young men who engage in boisterous and disorderly conduct at night, and especially on Sundays, will be considered by the Police Commissioners at a meeting to be held in the near future, when steps will be taken toward bringing about a more satisfactory condition of things by holding the officers on the beats in a measure responsible. One of the members of the beard has announced his determination to have the following from the rules governing the policemen enforced to the letter:

Section 30. They must, to the extent of their ability, prevent assaults, breaches of the peace, crimes or misdemeaner. The frequent occurrence of disorders on any beat, without the prompt arrest of offenders, will afford grounds for attributing negligence to the policeman on such beat, unless the board be satisfied that such a state of things has been owing to causes beyond the policeman's control.

Section 50. It shall be the duty of the Captain to place men on each beat for two months, and shall then change them to another beat. It shall be the duty of the policemen to endeavor to prevent, by constant vigilance, the perpetration of crime within his beat; and, if offenses against persons or property become a frequent occurrence on any beat, they will be deemed sufficient proof of the negligence or inefficiency of the policeman in charge thereof to warrant his suspension or dismissal.

Patronizing Steam Trains.

The Washington-Southern Railway has during the past few days transported a large number of passengers between this city and Washington. Yesterday morning about two hundred persons took the 8:01 north bound train, and half that number patronized the same train this morning. Some Alexandrians returned home last night on a Washington and Ohio train.

The following will explain itself:

Richmond, Fredericksburg & Pot. R. R. Co.
Washington-Southern Railway Co.
Richmond, Va., January 27, 1905.

Mr. M. B. Harlow, Alexandria, Virginia:

Dear Sir: At our meeting with the citizens of Alexandria on Monday mention was made of the fact that stopping train No. 403 at Eleventh street would be an accommodation to Alexandria passengers. I have arranged to stop this train at Eleventh street on signal as you will note by the enclosed order.

I do not recall the name of the gentleman who mentioned the matter to me, but probably you know. I would thank you to advise him and others interested.

Yours truly,
W. D. DUKE, General Manager.

The Weather and the River.

The temperature has been mild today with the heavens partially clear. People from lower Fairfax who came to market this morning say the snow drifts in places in that vicinity were very deep, and in cuts in the roads considerable difficulty was experienced in digging through them.

The river is still full of ice, although steamers manage to keep a track open. The B. & O. transfer barge is still engaged in transporting cars between this city and Shepherds, although the work is slow and tedious.

The steamer Norfolk, due here this morning at 6:30, did not arrive until this afternoon, as she did not leave Norfolk until midnight.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Porter, colored, arrested by Officers Henderson and Beach on suspicion of stealing shoes from P. M. Bradshaw, was dismissed.

George Geary and Edward Johnson, both colored, arrested by Officer Roberts charged with disorderly conduct, were fined $5 each.

G. O. Keeney, arrested by Officers Smith and Nicholson charged with destroying the property of B. F. Strickler, had his case continued until four o'clock this afternoon.

Organized Labor.

A mass meeting, under the auspices of the Alexandria Trades Council, a branch of the American Federation of Labor, will be held at the Opera House tonight. The meeting will be in the interests of organized labor. Several representatives of the organization will deliver addresses. Congressmen William R. Hearst, Livernash, Claude A. Swanson and Robert Baker, and H. W. Sherman, the vice president of the American Federation of Labor, are expected to be present. The question of organized labor will be discussed in all of its phases.

Fire.

Shortly after five o'clock this morning a fire was discovered in the residence of Mr. Harry Yale, on Royal street, between Cameron and Queen. No alarm was sounded, but the firemen having been notified repaired to the scene and soon subdued what might have resulted in a disastrous conflagration. The wainscoting of a room had been set afire by a stove and was burning fiercely when the firemen arrived. No bells were rung, and barely enough men were on the ground to handle the hose.

Brakeman Shot.

Brakeman O'Neal of a north bound local freight train of the Southern Railway was shot in the mouth at Burnley Thursday night. The brakeman was in the act of throwing a switch when a bullet struck him in the mouth, knocking a tooth out and passing through the left cheek. It was impossible to ascertain who discharged the pistol. Mr. O'Neal was brought to this city where he received surgical attention.

The Market.

The supply of country produce in market this morning was very small, although prices were virtually the same as those prevailing last week. Butter sold at from 25 to 30 cents a pound, eggs 35 cents a dozen and fresh pork 12a15 cents a pound. Poultry was still scarce and high. There was an abundant supply of fresh fish of different varieties. Most of the buyers patronized the hucksters and butchers.

For the Defendant.

In the Corporation Court yesterday Mr. J. M. Johnson, sitting as special judge, in the case of he Romano Ooletic Stone Co. vs. J. W. Chauncey, the jury returned a verdict for the defendant Chauncey and not the plaintiff, as heretofore stated.

Personal.

Mrs. H. Herbert Boswell has returned from a visit to her mother, Mrs. Chapman, of Alexandria.—[La Plata Maryland, Times Crescent.

Col. Edmund Berkeley of Prince William county has gone on a visit to Texas to spend a considerable time. The colonel is 81 years of age, although he has not seen but 19 birthdays. He was born on the 29th of February is the reason. He was a Confederate officer during the civil war, and faced the roar of cannons and the hot shot and shell from the enemy in many battles without showing the least sign of fear or hesitancy.

The Haymarket correspondent of the Manassas Journal says: "We are sorry the time seems to be approaching so rapidly for the departure of Maj. E. H. Janney and family from Waverly, to their new home near Alexandria. Maj. Janney is the sole inventor of the Janney coupler, which is used by all the railroads in the United States and has a reputation which will go down in history as one of the greatest patents of the day. By its use it has undoubtedly saved the hands of numerous trainmen from being crushed, and the lives of many passengers from extinction by wrecks, which would have been caused by the old time coupling giving away.

Mr. and Mrs. Fielder Cross Slingluff of Baltimore have sent out invitations to the marriage of their daughter, Ethel Croxall, to Dr. Benjamin William Dudley, on Tuesday evening, February 21.

Mr. George B. Kennedy who has been confined to the house by sickness is better.

Mr. Park Agnew continues quite sick at his home on Pitt street.

Judge Barley and Mr. C. C. Carlin have returned from a business trip to Pittsburg.

Mrs. Elizabeth J. Tycer who went to Bridgeport, Conn., to attend the meet of the Grand Council, Daughters of America, has returned.

Mr. and Mrs. Frank Drexel Morgan, of Washington, D. C.; Mr. Charles K. Harrison, jr., of Baltimore, Md.; Mr. Jarvis Spencer, jr., of Baltimore, Md.; Messrs. W. P. Meredith, of Manassas; Alvin O. Portner, of Manassas; Paul V. Portner, of Manassas; Charles R. Hooff, jr., Fairfax county, and R. M. Heath, of Washington, D. C., who were here for the Hunt Club Ball, were the guest last night at the New Hotel Rammel.

Mrs. Warner Moore, of Richmond, and Miss Ella R. Smoot, of this city, are guests at the New Hotel Rammel.

Mr. J. H. Walsh, formerly of this city, but now Superintendent of Public Instruction, in New York city, is in this city, having come to attend the funeral of his father.

The Electric Road.

Rumors are still in circulation concerning the proposed change in the management of the electric road, but there have been but few developments since yesterday's issue of the Gazette. As stated then, the Alexandria holders of stock of the company have sold their holdings to Mr. C. P. King, the present president of the company, for cash, but it is said that the Pennsylvania Railroad and the Philadelphia holders received but 10 per cent. cash and certificates for the remainder payable on March 10.h. This would indicate that the transfer will not be made much before the 10th of March. There seems to be no doubt that the road is to change hands, but those in the deal are not disposed to be communicative on the subject.

Case Postponed.

The case of J. H. Smith, colored, charged with uttering counterfeit money, which was to have been examined by Commissioner R. P. W. Garnett today, was postponed until February 1. This action was rendered necessary by the absence of material witnesses. Smith, it will be remembered, was arrested by the Alexandria police charged with "raising" a one-dollar bill to a twenty-dollar note. The prisoner was subsequently turned over by the Corporation Court to the United States Court.

Must Pay Tuition.

Beginning March 1, non resident pupils in the public schools of the District of Columbia will be obliged to pay tuition. The Board of Education at its meeting yesterday evening made this decision, as a result of the opinion recently rendered by Corporation Counsel Duvall, that the tuition law is still in force. A schedule of the rates to be paid by different grades is being prepared.

County School Trustees.

The school trustee electoral board of Alexandria county met yesterday and elected Frank Hume to fill the vacancy in the board of trustees cause by the retirement of County Surveyor George E. Garrett. Geo. W. Zackery was elected trustee in the place of Mr. J. E. Supplee, who was lately appointed a justice of the peace for Jefferson district.

Darkeys Engage in Fight.

George Geary and Edward Johnson, both colored, engaged in a fight on one of the wharves between King and Prince streets about one o'clock this morning, during which Geary used a bottle on Johnson's head. The combatants were arrested by Officer Roberts and arraigned before Justice Caton today and fined $5 each.

Funeral.

The funeral of the late Thomas Walsh took place from St. Mary's Church this afternoon, and was attended by a number of friends and acquaintances. The services were conducted by Rev. Father Cutler. The pallbearers were three residents of this city and three of the "Burgundy" neighborhood.

Dissatisfied.

It is said that many residents of the county are dissatisfied with the width of the proposed highway bridge which is to extend from the Poor's House lane to St. Asaph junction, and will call a meeting some time next week to adopt resolution requesting the railroad company to make the bridge wider.

LOCAL BREVITIES.

William Sworde, seventy years old, of Brickhaven, Alexandria county, died yesterday afternoon while being carried to Providence Hospital in Washington for treatment for an acute attack of pneumonia.

Rev. J. A. Jeffers gave a most helpful and appropriate address to the children at the Children's Home at the prayer meeting held Thursday night by the Allison W. C. T. U. After the address the children sang a motion song written for them for them by Mrs. Amy C. Weech.

A train of loaded coal cars stalled on Wilkes street, west of Royal, a night or two ago, and remained stationary a few minutes. During this short space of time it is said by those who witnessed the incident a number of boys, white and colored, mounted the cars and threw off about two tons of coal.

Mr James E. Rose has been awarded the contracts for furnishing coal to the U. S. House of Representatives, the Botanical Gardens, the Little Sisters of the Poor and the Naval Hospital, in Washington. The contracts aggregate over 4,000 tons.

Testimony in the case of Rose Ella Smoot vs. Frances P. Smoot et al., which case is now pending in the Circuit Court, is being taken before Judge Barley, as commissioner, to whom the matter has been referred.

"I had a rattling good time last night," remarked a jovial citizen this morning. "I was rather rattled myself when I tried to explain things to my wife," said the other fellow.

SATURDAY EVENING, JAN. 28, 1905.

Robbed on the Streets.

Mrs. Kate Luther, wife of Mr. William E. Luther, was choked into insensibility, dragged into a narrow 10-foot alley, robbed and left unconscious on the snow last night about 8 o'clock on Lorman street, near Mount street, Baltimore, by an unknown negro who made good his escape. His booty consisted of the wedding ring of Mrs. Luther, which he tore from one of her fingers; a black hand satchel containing about 35 cents and a black shoulder cape, which he tore from the defenseless woman's shoulders. Mrs. Luther was removed to her home, where she was suffering severely last night from shock due to her harsh experience.

Incident in Chamber of Deputies.

An unexpected incident occurred in the French Chamber of Deputies yesterday while M. Rouvier was reading the declaration of policy of the new Ministry. The declaration contained a favorable reference to the active observances of the Franco-Russian alliance. As the Premier made this announcement he was interrupted by cries from the socialist extreme left of "Down with the Czar!" mingled with cries of "Assassins!" The President of the House, M. Doumer, suppressed the demonstration, declaring amid applause that the Chamber would not listen to such words.

Biggest Diamond.

The largest diamond ever discovered has been found near Pretoria, South Africa. The stone weighs 3032 carats, and is said to be a pure white diamond of good quality. It is locally valued at $3,500,000 to $4,000,000. The famous Kohinoor, which is valued at $600,000, weighs 123 karats, though it is said to have weighed 900 before it was cut. There is immense excitement at Johannesburg and at Pretoria as a result of the discovery.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Calif, writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by E. S. Leadbeater & Sons, druggists.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

All who use Atomizers in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren St., N. Y.

New Orleans, Sept. 1, 1900.

Messrs. ELY BROS.:—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lamberton, 1415 Delachaise St., New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results.

Erskine, of Allenville, Mich., says, "I suffered Heartburn and Stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief."
